

Arctic Fox

northwoodmfg.com

Functional, Stylish and Comfortable...

Arctic Fox Fifth Wheels and Travel Trailers capture all of these important considerations in every coach. All of our designs from floor plan to finish, are engineered and detailed with your traveling pleasure and convenience in mind. We know you are going to love the 2005 Arctic Fox!.. We invite you to take a look.

Attractive and Off-Road Tough...

*Northwood coaches are built to withstand off-road travel and provide you with all the comforts of home. This year's Arctic Foxes are no exception. We are constantly improving our construction methods and upgrading our interior amenities. We've added some exceptional new features to the 2005 Arctic Fox. We understand the importance of building coaches that are insulated for all weather conditions and durable enough for extended cross-country travel. All Foxes have R-18 blanket insulation in the ceiling and R-7 insulation in the walls and floor so you will be protected from extreme temperatures in all seasons. That's why Arctic Fox has earned a **Four Season Rating**. If you're looking for year 'round comfort, choose Arctic Fox! From frame to finish, you will see the pride of workmanship reflected in our coaches.*

To Build The Best Trailer...

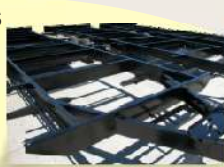

start with a Strong Frame...

add Exceptional Components...

Our structural steel chassis is designed for load capacity well beyond the weight of the coach and your belongings. Structural steel chassis frames (C-channel smaller units – “I” beam for super slide models) are engineered for superior strength and structural integrity specific for each model. Our trailers won't sag with age like many other competitors models. Exterior grade plywood floors (not strand board) with plenty of steel cross members in the frame, provide superior strength and resilience to the coach.

Structural Steel Chassis

Additional Welds Create Camber in the Chassis for Greater Load Carrying Capacity

Welded & Bolted Retractable Stairway

Welded LP /Battery Rack Sliding Battery Tray on 5th Wheels

Dual #30 or #40 LP Tanks

Rustoleum Brand Finish

Extra Large Holding Tanks

Up to:

77gal Fresh
46gal Black
56gal Gray

many competitors tanks are less than 1/2 the size!

Interior Holding Tank Monitor

Fully Insulated Tank Compartments

The straight axles provide extra ground clearance for off-road use and axle placement is engineered to offer the perfect balance for your tow vehicle and we include shock absorbers at every wheel. We use high performance tires with appropriate load ranges for maximum carrying capacity and safety. Retractable non-skid double steps or triple steps and folding, padded safety hand rails, provide safe and easy access.

(Certain Floor Plans)
Full Wardrobe Slide Out

All Northwood coaches have one of the highest highway safety ratings in the industry. Our durable one piece laminated hardwall surfaces are easy to maintain and are resistant to flying road debris, chips and dents. The tough diamond plate rockguard on small travel trailers and diamond plate bumper wrap, are tough, attractive and built to last. Fiberglass front and rear caps come standard on larger Fox models.

include Smart Convenience Features and Options...

and You've Built The Arctic Fox!

All of our holding tanks are suspended above the insulated tank compartment. This creates an air space for proper flow of warm air from the forced air duct system. That's why the Arctic Fox is considered a true **Four Seasons Coach**.
