*"We welcome you to the Camping Comforts of
Nash 5th Wheels and Travel Trailers"*

Ron and Sherry Nash

Nash
277 Merlot Interior

*N*ash 5th-Wheels and Travel Trailers offer a spacious galley work area for food preparation. All coaches feature an extra large range, a 22" broiler/oven and range hood with overhead light and exhaust fan. All galleys are pre-wired for a microwave oven. Self edge counters and dinette are standard, and a free-standing dinette set is a popular option. We provide ample storage in overhead cupboards, under counter cabinets, shelves, and drawers. Nash Travel Trailers and 5th-Wheels are rated the safest and most durable coaches in their class. Whether you're hunting, camping, working or adventuring, you'll find every floor plan is innovative, practical and comfortable.

All Nash coaches are pre-wired for TV antenna, cable TV with a park receptacle and roof air conditioning. We focus special emphasis on features designed to provide strength and durability. All models use plywood and solid wood rather than strand or flake board. Our floors are constructed with exterior grade tongue and groove plywood similar to residential construction. The truss roof system is topped and sealed by laminating the one-piece rubber roof to 3/8" plywood. The chassis is built with structural I-Beam or channel and we apply double primed welds coated with Rustoleum® paint for protection from rusting.

Nash
26X - Hunter Interior

Structural Steel Chassis

Built-In Black Water Flush System available

Extra Large Holding Tanks

Additional Welds Create Camber in the Chassis for Greater Load Carrying Capacity

Fully Insulated Tank Compartment (Not available in 17C)

Up to:
76gal Fresh
46gal Black
75gal Gray
many competitors tanks are less than 1/2 the size!

All of our holding tanks are suspended above the insulated tank compartment. This creates an air space for proper flow of warm air from the forced air duct system. That's why the Nash is considered a true **Four Seasons Coach**.

Dual #30 or #40 LP Tanks

2,000 LB Tongue Jack

Rustoleum Brand Finish

Shock Mounts-All Wheels (Except 17C)

Interior Holding Tank Monitor Panel

These Features and Included in all Nash 5th Wheels

- Metal Side
- One-piece Rubber Roof
- R-7 Insulation Walls & Floor
- R-18 Insulation In Ceiling
- Northwood Roof Truss System
- Electric Brakes On All Wheels

The overhead compartments feature beveled mirrors and radius finish edges. All models include mini-blinds, privacy roller blinds and coordinated valance/soft lambrequin treatments on windows. Windows are radius cornered and have interior fasteners for your security. R-7 insulation is standard in all walls and floors with an R-18 insulation blanket in the ceiling.

Each Travel Trailer and 5th-Wheel is equipped with extra large freeze resistant water lines and 4- 1/2 inch sewer hose carrier bumper. Nash trailers have larger tire sizes and heavier axles which make them exceptionally well suited to off road adventuring. Electric four wheel brakes, chrome lug nuts and wheel centers are standard features adding to the safety and beauty of every Nash Travel Trailer and 5th-Wheel. Another available feature is the convenient black water flush system. Dual 30 pound LPG bottles with automatic changeover is standard on many models. Retractable entry steps, a flush mount entry door lock complete with deadbolt and screen door are standard convenient security features. Look over the specifications, and notice the care Nash has taken to assure that quality, high-end components are built into every Nash Travel Trailer and 5th-Wheel. Now you can finally give your family the home away from home they truly deserve. **...Come Home To Nash!**

KEY: S Standard (no charge) I Includes this Option O Option Available on Request N Not Available in this Model

Please note that some options are not available in certain plans and some options are automatically included in a standard production run.

As a regular practice, Northwood manufactures its coaches with standard features and popular options that our customers consistently request. Because these options are nearly always requested, our regular manufacturing runs will include all of these most popular 'optional' features. See the list on pages 4 and 5 for features (both standard and optional), that are universally included in all standard build manufacturing runs. In the chart above, you will also find additional (S) standard features and (I) Included optional features that are available only in certain floor plans.
