

Nash

<http://www.northwoodmfg.com>

Welcome!

Northwood is pleased to introduce to you the 2009 Nash Fifth Wheels & Travel Trailers. With 17 plans to choose from, there is a Nash Travel Trailer or 5th Wheel to fit the needs of nearly every RV buyer. Whether you're in the market for a compact travel trailer or a spacious 5th wheel, the Nash offers a wide variety of features and options sure to satisfy your

needs. **That's because The Nash was designed with the informed RV purchaser in mind.**

We invite you to take a look and you'll see why Nash is the RV of choice for the value minded buyer, and why the Nash is known as "Practical, Comfortable and Off Road Tough".

Kitchen:

Nash 5th-Wheels and Travel Trailers offer a spacious galley work area for food preparation. All coaches feature an extra large range with a 22" oven and range hood with overhead light and exhaust fan. All galleys feature

Form & Function: Interiors that work, beautifully!

Nash

27T Merlot Interior

a microwave oven. Self edge counters and dinette are standard, and a free-standing 4 chair dinette is a popular option available in some models. We provide ample storage in overhead cabinets, under counter cabinets, shelves, and drawers. Nash Travel Trailers and 5th-Wheels are rated among the safest and most durable coaches in their class. Whether you're hunting, camping, working or adventuring, you'll find every floor plan is innovative, practical and comfortable.

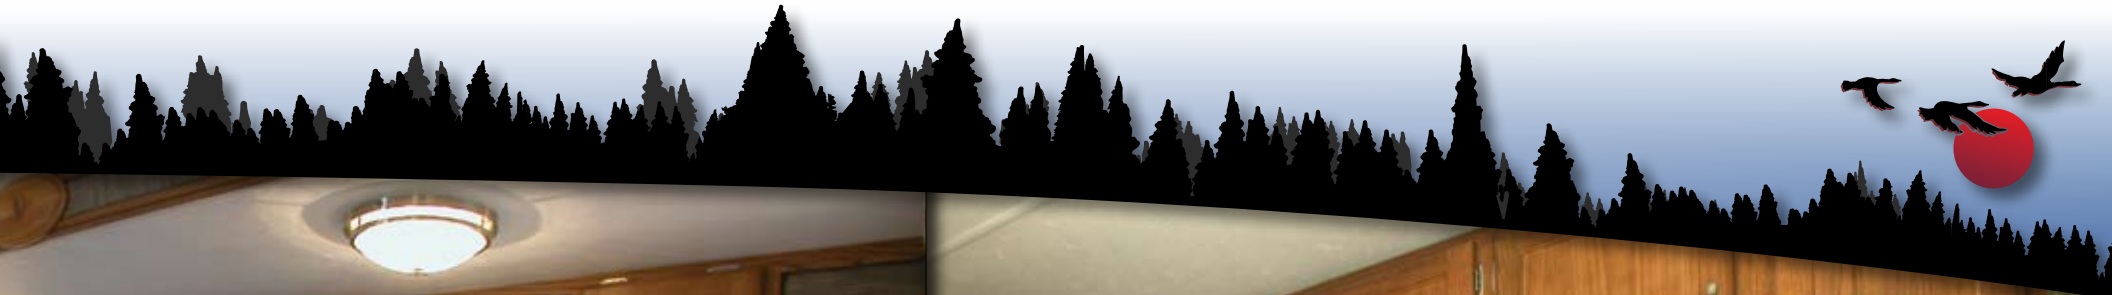

Slide Rooms:

Super slide models come with a jackknife sofa or optional hide-a-bed and a dinette that converts into an additional sleeping area or a free standing 4 chair dinette. Our Slide rooms travel on electric driven heavy duty rack and pinion rams and have 4 individual seals that maintain a seal when open, closed, and even while in transition.

Comfortable:

You'll be assured of a restful night's sleep in your Nash. All mattresses are deluxe queen size. Bedrooms include coordinated bedspreads and window treatments, plenty of storage cabinets and a large underbed storage area in most models. Nash bedrooms also feature overhead cabinet doors and optional twin beds are also available in the 26X, 21-5R, 23-5A and 24-5N models. You will find many other residential features in the Nash offering you all the comforts of home.

26X Charcoal Mist Interior

27T Forest Interior

Exterior:

The Northwood roof truss system bonds exterior plywood decking to the trusses as a unified structure that is amazingly strong yet light weight. All Nash models feature rigid fiberglass exterior siding that looks great and is durable and easy to maintain. The diamond plate front rock guard and rear bumper wrap are tough, attractive and built to last. The Nash is quality materials and construction from start to finish!

Safety:

The Nash™ has one of the highest highway safety ratings in the industry today, and all Nash 5th wheels and travel trailers are equipped with retractable, non-skid, double or triple steps for safe, easy access.

Confidence:

Beyond it's features, Nash has built it's reputation on quality materials and solid construction methods. Because the Nash is so durable, satisfied owners are pleased to discover how well the Nash maintains it's resale value ... if you're ever willing to turn loose of one!

Beauty: It's more than skin deep!

Nash

26X (On 26X, 27T, & 27-5L only: Fiberglass Caps and Aluminum Superstructure Urethane Bonded)

Superior Frames:

At first glance, it might seem strange to include a picture of a steel I-Beam in our brochure, but we know that our chassis' are gorgeous! *Everything* rides on the quality of your chassis and suspension and **Nash builds the best!** Look underneath the coach and see for yourself, your family's safety is secure in the Nash. You'll feel the difference that a quality chassis, larger axles, bigger brakes and optional all wheel shocks will make

◀ **Heavy Gauge
Structural Steel
I-Beam Main Rail**

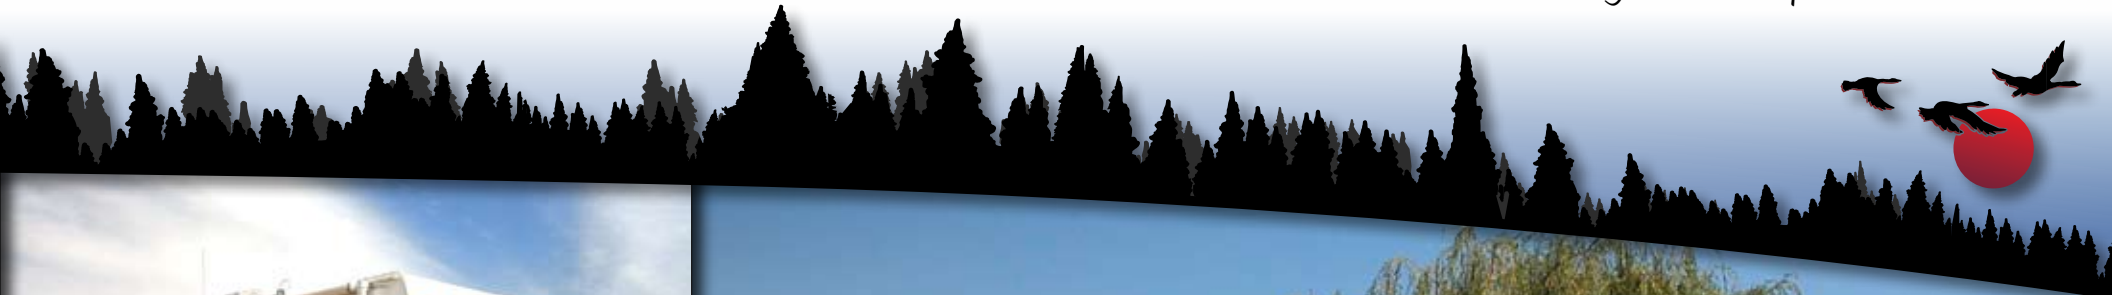

Four Star Rating: *

RV Consumer Group has given the Nash consistent high marks of Value, Reliability and Highway Control. The Nash is engineered for Safer Travel! Because our chassis are so solid, you will feel the difference when towing your Nash down the highway.

* Average rating of all models for Value, Reliability, and Highway Control (Independent non-profit rating organization)

The Nash will go where competitors fear to tread!

Model 19B

Model 22GQ

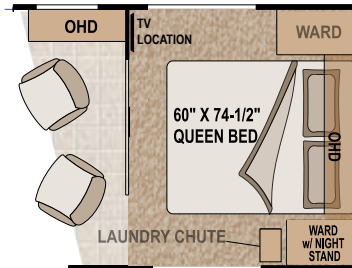

Efficient:

Just like home, the forced air ducted heating and cooling systems in your Nash provide fast winter warm-up and quick summer cool down.

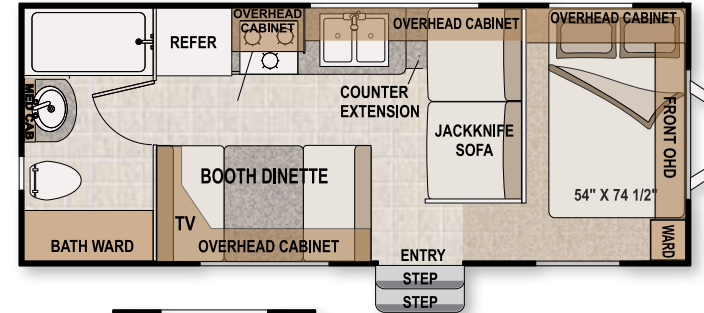

The heating system also circulates warm air to our '4-Season' fully enclosed & insulated holding tanks (all models except the 17C). The Nash is a big seller in cold Northern climates. All Nash's come standard with R18 insulation in the roof and R7 insulation in the walls. Thermal pane windows are available on all Nash's and so are storm windows.

All Nash's are equipped with a Charge Wizard battery management system to maximize your battery performance and all LPG tanks are connected through an auto change-over regulator to switch from the empty tank to the full supply when the first is emptied.

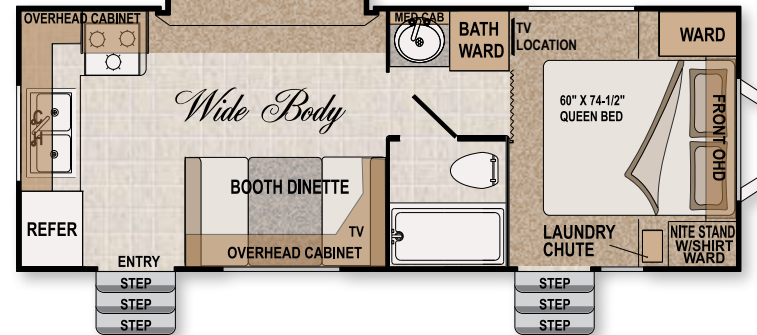

SWIVEL CHAIR OPTION
Available in the 25R & 25S

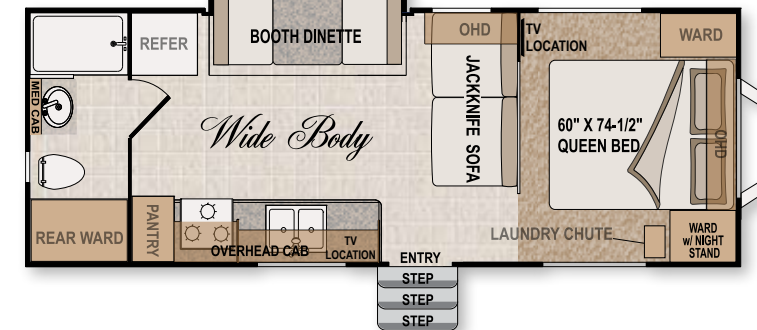

Model 22H

Model 25P

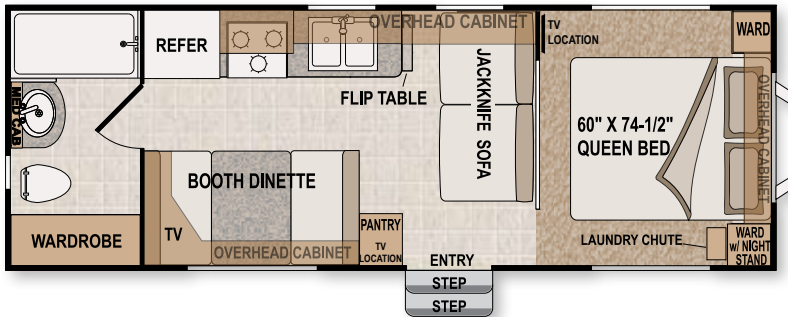

Model 25R

Model 25S

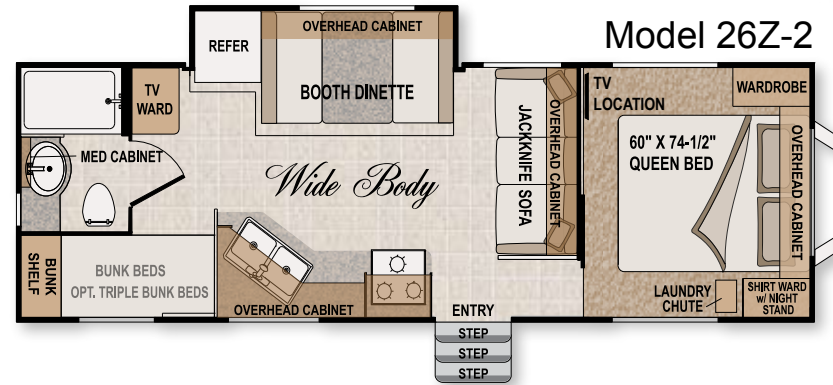

Features:

Every Nash includes a quick winterization system, all wheel brakes, black tank flush system, abundant lighting placements, numerous electrical outlets, and ducted

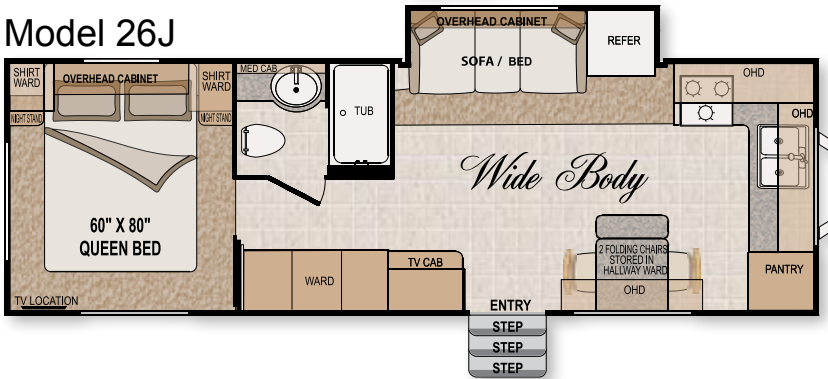

heating & cooling in most models. **The Nash truly is feature rich!**

Other features/options include: Quick REcovery DSI Gas/Electric Water Heater, Solar Panels, Generator, Pantry Storage Rack, High Rise Kitchen Faucet, Flat Panel TV, Auto Scanning Satellite Receiver, and more...

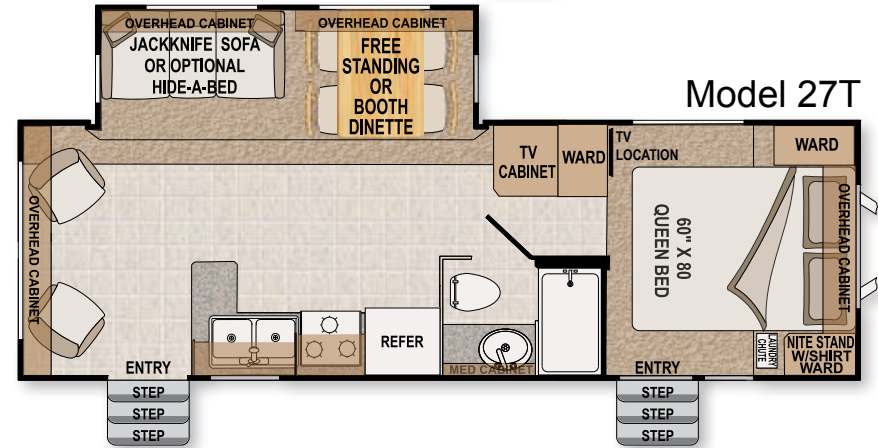

Model 26Z-2

Model 27E

Nash 5th Wheel Floor Plans:

Model 21-5R*

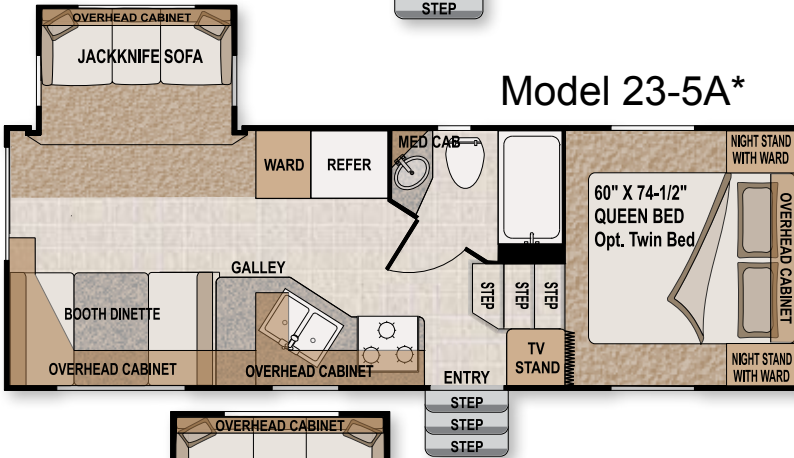

Construction:

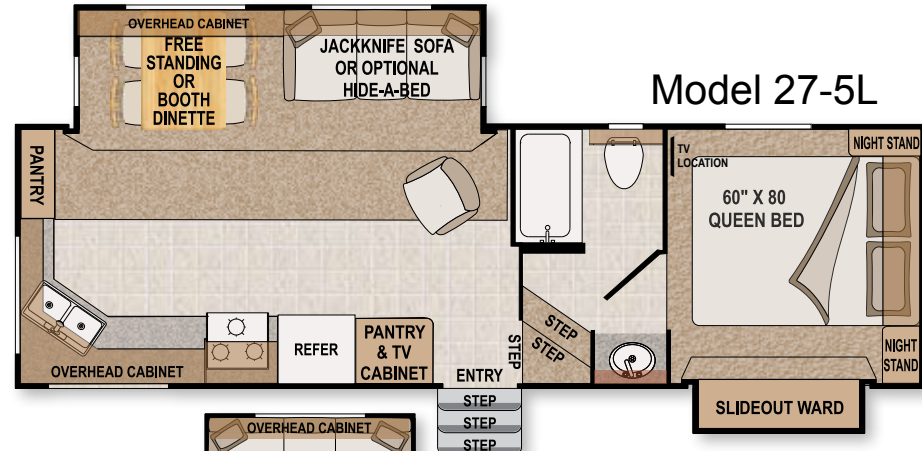

The Nash is Built Right! Our one piece heavy gauge roof membrane material and our tongue-in-groove plywood floor decking both provide excellent durability and longevity. Thick commercial grade vinyl flooring and construction grade dimensional lumber are standard materials in the Nash. We assemble our coaches using the best proven construction methods and processes too. Our custom cabinet production facility uses face frame construction & real plywood shelving (not chipboard).

* Twin Beds (32" x 75") are available on the 26X, 21-5R, 23-5A and 24-5N

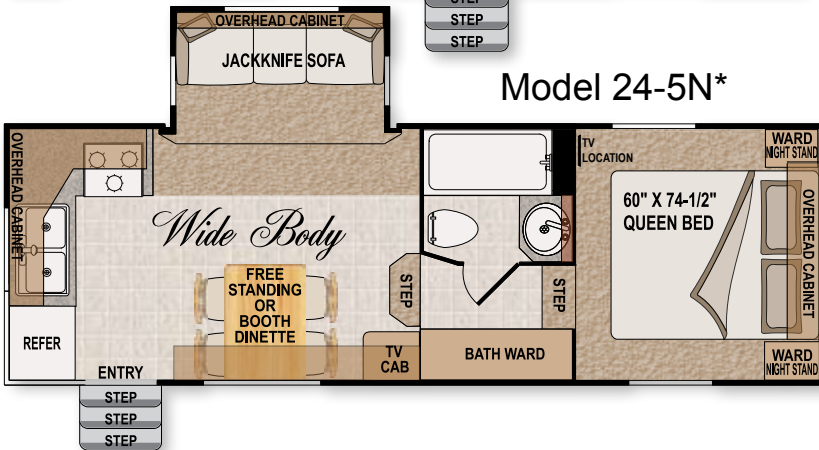

Model 23-5A*

- Range Cover
- Range Back Splash
- Galley Fluorescent Light
- Throw Pillows
- Below Bed Storage
- Dinette Booth (except 26J)
- Large Lavy Bowl
- Deep Dbl Galley Sink w/Hi Rise Faucet
- LPG Leak Detector
- CO Detector
- Smoke Detector
- Fire Extinguisher
- GFI Circuit Protection

**This feature not available in Model 17C

A Solid Foundation:

Structural Steel:

All Northwood 5th Wheels & Travel Trailers are built with structural steel main rails of I-beam or C-channel. The full length main rails and full width cross members insure a solid structure for easier towing and a quality feeling structure under foot. Each chassis also includes Z cross members for additional strength.

We design and build our own chassis to guarantee quality and excellent driveability. We use only top quality Rustoleum finish to prevent rust, and also double prime our welds for added protection.

Camber Welds:

Special welds are applied along the top of the main rails to create camber. Our cambered frame has greater load carrying capabilities than others. Our chassis functions in the same way as a pre-stressed structural beam. The Nash won't sag like the competitors models under full load weight - even after many years of service.

Cast Iron Manifold:

We nest our LP gas manifold line within the chassis structure to protect it from damage. We use large dimension pipe to improve gas flow to all appliances. We also use brass fittings to attach appliance feed lines to the manifold. All of these considerations make our gas supply system extremely durable and problem free. LP lines are protected with vinyl sleeves and sealed with silicone when they pass thru the floor.

Higher Value:

Extra considerations such as these insure that your Nash will maintain its value and that Northwood coaches will continue to be a top performer among competitive RV manufacturers.

Dual Battery Racks:

All Northwood travel trailers include dual battery racks that are welded directly to the frame. Travel trailers include a large capacity, dual LPG tank rack that is conveniently located at the trailer tongue for quick access.

Standard Features:

12 Volt Exterior Lighting at Hitch, Waste Dump, and Patio Areas

Large Capacity Exterior Access Storage Compartments With Top Quality Automotive Weather Seals

Marine Style Exterior Shower

Shock Mounts All Wheels (Except 17C)

Dual #30 or #40 LP Tanks 2000 Lb. Tongue Jack

A True 4-Season Coach:

Fully Insulated Compartment:

The Nash is a true 4-Season Coach. Our fully insulated holding tank area circulates warm air around the suspended tanks providing the best protection from freezing.

The tanks are large and will hold up to 76 gallons of fresh water capacity, 75 gallons of gray water storage, and up to 44 gallons in the black storage tank. the black holding tank comes with an internal sani-

flush system for easy maintenance. Standard in all Nash Fifth Wheel and Travel Trailers except the 17C model.

Convenient:

The built in black tank flush system is simple to use and makes maintenance of the waste holding tank quick and easy. The Nash is designed with your convenience in mind.

Built-in Black Water Flush System Standard In All Models

Optional Features:

**Auto-Scan
Satellite Dish**

**Flat Panel
TV**

**Solar Panels
50 & 100 watt**

**Onan Generators
(select models)**

**Slide Topper Awning
(slide models)**
